Image Component Library - Bug #157

dc bus needs to be resetted after every application stop

2013-02-21 15:24 - Christof Elbrechter

Status:	Closed		**Start date:**	2013-02-21
Priority:	Normal		**Due date:**	
Assignee:	Viktor Richter		**% Done:**	30%
Category:			**Estimated time:**	0.00 hour
Target version:	icl-8.0			

Description
Each time an application grabbing from dc cameras is ended, the bus needs to be resetted

History

#1 - 2013-03-06 13:01 - Viktor Richter

Tested in icl_cmake_revice branch, revision 3699
using icl-viewer
Can't reproduce via ssh on oculus & pertinax
Can't reproduce on germanicus with directly connected dc-cam (dc400, cam does not support dc800)

#2 - 2013-03-07 15:42 - Viktor Richter

- Priority changed from High to Normal

- % Done changed from 0 to 30

Can't reproduce with my build-settings on pertinax (directly)
Can't reproduce with Christofs build-settings on laios (directly)
Can't reproduce with Christofs build-settings, build and tested on pertinax (directly)

#3 - 2013-03-15 10:04 - Christof Elbrechter

- Status changed from New to Closed

not reproducable on other systems ...
