<b>Description</b>			
Either the XMLTIO project should be available as open source or we should remove it from the rsb distribution.

## History

### #1 - 2014-10-02 17:12 - Robert Haschke

It's interesting, that you are asking me. Actually you guys developed that library. I wouldn't mind to have it open-source.

### #2 - 2014-10-05 19:11 - Sebastian Wrede

- Status changed from New to Feedback

- Assignee changed from Robert Haschke to Florian Lier

OK. Where do we want to put it?

@Florian: Is it still not possible to just make a project on projects.cit-ec openly available?

If the latter is true, I'd prefer to just put in on code.cor-lab as this is straight-forward.

Any progress?

**#4 - 2015-10-27 12:13 - Jan Moringen**

- Duplicated by Bug #424: XMLTIO is private, thus makes rsb-nightly private added
